## **Who we work for**

Our consulting is tailored specifically to your individual needs and focuses on your objectives. Whether for private persons, entrepreneurs, companies, clubs, foundations or public institutions, we work together with you to analyse your situation and develop customised solutions.

## **Private clients**

You're confronted on a daily basis with an enormous range of financial issues such as asset development, management and planning, tax optimisation, succession planning, asset protection and inheritance issues. You'll benefit from personal, comprehensive consulting with the advantages of our many years of expertise, our proximity to you, and our flexibility.

## **SMEs**

As an entrepreneur you deal continuously with questions of strategy, planning, management, investment and financing. We assist you with coaching and support you with our business, legal and tax-related expertise to help you make the right plans and decisions, implement them properly and review them thoroughly.

## **Municipalities**

We support the municipal authorities in all financial affairs including accounting, preparation of financial statements, financial planning and auditing.

## **Tourism**

Tourism is and will continue to be one of the most important trump cards in the economic deck of Valais.

We help all those involved in the tourist industry to play this card to maximum advantage.
